RAILROAD LABOR PLEASED BY MAN- AGERS' STATEMENT

THINK THAT A STRIKE OF RAIL-
ROAD MEN HAS BEEN AVERT-
ED BY THEIR ACTION

Chicago, May 18.—Belief that the possibility of a railroad strike has been averted as a result of the railroad heads advocating a wage increase for employees was expressed here today by railroad union executives.

Union leaders said the question now is how much of an increase the railroad labor board which is hearing the owners' side of the case, will grant. They believe that the railroads have "passed the buck" to the public and are ready to concede to the employees' demand, but will insist that it will be borne by the people in the shape of increased traffic rates.

The situation is much relieved, according to Timothy Shea, president of the railroad firemen made at yesterday's hearing.

Men's Demands Too High

Chicago, May 18.—Railroad trainmen's demand for an annual wage increase of a quarter billion dollars is excessive and unfair, according to railroad managers who protested against the workers increase before the railroad labor board hearing the managers' side today. They admitted the men are entitled to an increase but the present demands are too high, it was said.

TAKE MONTHS TO RESTORE NORMAL FREIGHT TRAFFIC

MEMBERS OF THE INTERSTATE
COMMERCE COMMISSION DE-
CLARED TODAY

(By United Press)
Washington, May 18.—Months must pass before the normal movement of freight can be restored, members of the interstate commerce committee declared today.

"Halting traffic is not the way to keep it moving," said Commissioner Aishton. The commission may use priority orders to temporarily clear congestion of freight cars. Pooling of equipment and terminal facilities is another method which commissioners may adopt to control the situation.

This was proposed on behalf of farmers by George Hampton, manager director of the Farmers National Council today.

SENATOR PENROSE BACK OF ATTACK CHARGES DANIELS

SAYS SIMS CHARGES WERE FIRST
MADE BY PENROSE IN SPEECH
IN SENATE IN 1918

(By United Press)
Washington, May 17.—Senator Boise Penrose is behind the attack which Rear Admiral Sims is directing at the conduct of the navy during the war. Secretary Daniels intimated today in continuing his testimony before the senate naval affairs committee. In bringing the Pennsylvania republican chieftain into the controversy Daniels gave the impression that he believes politics is responsible for the Sims charges.

Daniels quoted from a speech made in the senate Aug. 24, 1918, in which he blamed the secretary for procrastination, delaying activities of the navy for three months at a loss of \$15,000,000,000 and many lives—the same accusation which furnished the key note of Sims' attack.

"I have been informed that it was not Sims who originated this charge, but that it was first made in the senate on August 24, 1918 by Senator Penrose," Daniels said.

"The original charges were amplified and repeated by Sims but this was contained in the Penrose speech," Daniels said.

Daniels remarked on the use of similar language by several witnesses testifying in support of Sims.

"They all speak the Senator's language, figures, phrases and all," Daniels said.

"It is worthy to note that at the very time Penrose was making his speech, Sims was writing to Captain Pratt in the navy department here threatening an investigation on the conduct of the navy during the war."

"That great minds, even those of politicians and admirals, and sometimes both, run in the same channels is strikingly exemplified in the coincidence of Sims and Penrose."

Couldn't Join Admiralty
Washington, May 18.—Daniels said the highest ambition of Sims was blasted when the government refused to permit him to join the British admiralty.

Sims expressed his "greatest regrets in not being able to accept this honor."

SEVERAL SMALL COUNTRIES JOIN LEAGUE OF NATIONS

(United Press)
Rome, May 18.—The last special meeting of the present session of the league of nations council will be held Tuesday night, it was announced today.

Iceland, the Ukraine, San Marino, Luxembourg, Finland and Estonia have applied for membership in the league, it was announced.

FIFTY PER CENT REDUCTION IN MILLNERY ANNOUNCED

(By United Press)
St. Paul, May 18.—W. A. Stronge, of the Stronge-Warner company, big milliners, today announced a price reduction approximating fifty per cent. The company operates a chain of millinery stores throughout the north-west.

PRICE REDUCTIONS BY RETAILERS AND BY WHOLESALE

THROUGHOUT THE COUNTRY IN-
DICATES PRESENT HOT AIR
PROSPERITY WILL CEASE

THIS IS THE OPINION OF ASST.
SECY OF TREASURY LEFF-
INGWELL EXPRESSED

Washington, May 18.—Price reduction by retail and wholesale dealers throughout the country constitutes one of the most sound guarantees "that the present hot air prosperity" is bound to cease, R. C. Leffingwell, assistant secretary of the treasury, said today.

"Dealers are cutting prices in mercantile trade for two reasons only," Leffingwell said. These reasons are:

1. People have stopped buying because prices are too high.

2. Banks are pressing merchants to take up their loans.

"Present high prices are bound to be reduced generally because neither the U. S. or the world can continue long to do business on the present basis."

John Wanamaker, department store proprietor, recently cut down prices in his stores twenty per cent with the announcement that the Wanamaker stores wished to assist in restoring the nation's economic situation to normal. Hundreds of stores throughout the northwest followed Wanamaker's example.

George Brander, head of a big Omaha department store labeled prices cut for a patriotic motive as "bunk" because the market broke two or three months ago prices have come down.

CONSIDERING CASE AGAINST WM. NASH

St. Paul, May 18.—Governor Burnquist today took under advisement the petition asking for suspension of County Attorney Wm. Nash, of Minneapolis, charged with complicity in the Winnipeg-Minneapolis whiskey smuggling case.

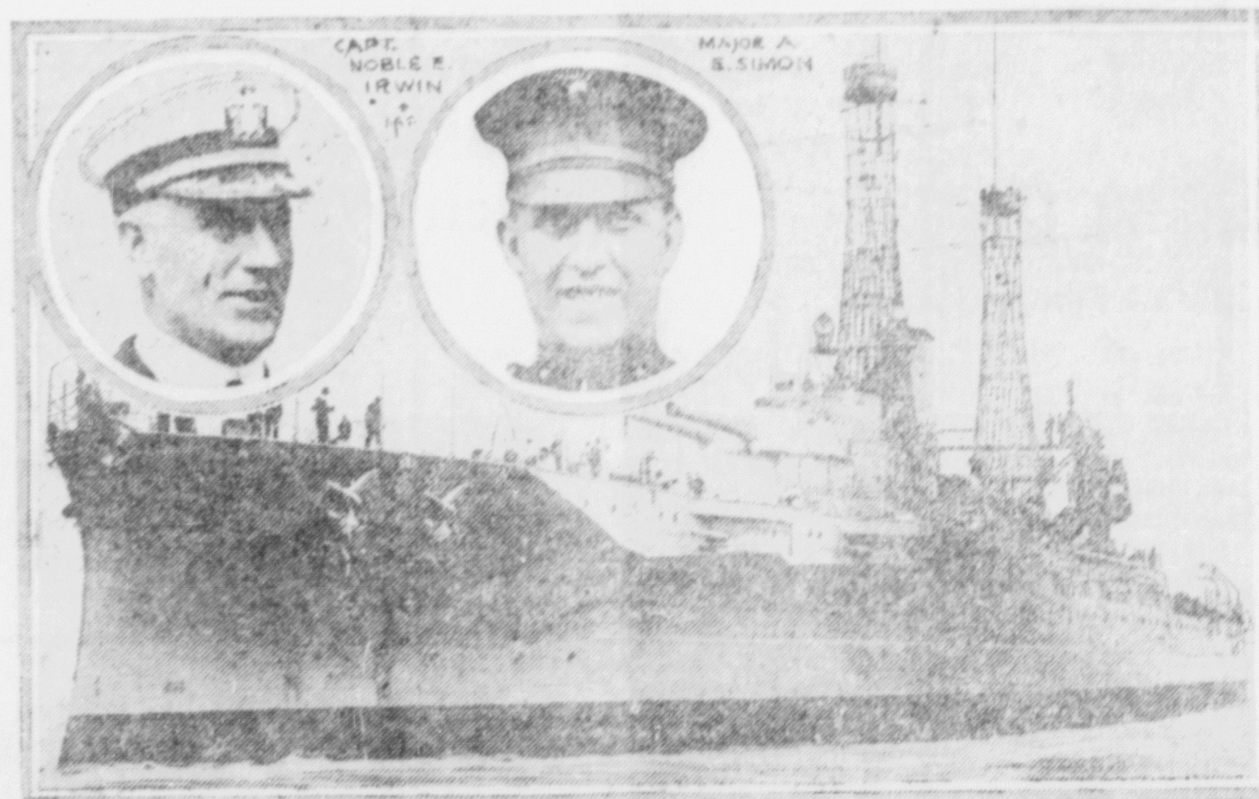

The petition was filed by Fred S. Mason, Minneapolis realtor. Mr. Mason's father, Frank I. Mason, appeared before the governor, declaring his son was incompetent to make the complaint against Nash.

Nash has been relieved of his duties at his own request. The grand jury investigating Nash's case was dismissed Monday. Another grand jury is expected to convene Friday.

LIGHT RAINS CHECK FIRES

(United Press)
Duluth, May 18.—Light rains in the dead and down timber belt checked the forest fires today. Fires near Deer River and Big Falls were reported under control by the forest rangers.

DAYLIGHT ROBBERS LOOT JEWELRY SHOP

SHOOTS AN EMPLOYEE THROUGH
HAND—SCOPES DIAMONDS
FROM SHOW WINDOW

Minneapolis, May 17.—Knocking one man unconscious with the butt end of a revolver after shooting him through the right hand when he failed to "stick 'em up" fast enough, three men at 10:30 a. m. today robbed W. C. Leber's jewelry store, 3222 Hennepin ave. of \$10,000 worth of diamonds and made their escape in a waiting automobile.

Three shots were fired, but two of them went wild and entered the ceiling, after first crashing through a glass partition.

The men worked with such speed and precision that the police declare they must be old hands at the game.

BOLSHEVIKS BEG PROLE- TARIAT TO END POLISH WAR

(By United Press)

London, May 18.—The Russian soviet government in a wireless statement received here appealed to the proletarians of all nations, including the United States, to end the Polish war on Russia by "crushing and defeating the capitalist and land owner."

A Warsaw report said the bolshevik counter attack on Kieff had been discontinued. The new government in Ukraine has been constituted, the report said.

STATE FORESTRY BOARD HOLDS A SPECIAL MEETING

TO CONSIDER MENACE OF FOREST
FIRES—DELAY WILL MEAN
MUCH GREATER DAMAGE

FIRES ARE BURNING ALL THE
WAY FROM MILLE LACS TO
ITASCA PARK

St. Paul, May 18.—A special meeting of the state forestry board is being considered because of the forest fires menace, W. T. Cox, state forester who returned today from Duluth, said. If the matter is delayed the fire damage will be greater than at present.

At present a force of seventy-five patrolmen authorized by the state relief board three months ago will be dropped June 1 unless the forestry board asked by the relief board is not extended over the period for which the patrolmen were employed, whose terms expire at the end of this month.

"It is absolutely necessary to continue this force," said Cox, "if we want to do effective work and prevent the spread of fires."

Cox said a large number of fires are burning all the way from Mille Lacs to Itasca Park, and fires are burning in Koochiching, Beltrami and St. Louis counties. In some places fires are pretty well under control, but there are very bad fires north of Deer River and near Northome, according to Mr. Cox.

CARRANZA IS FLEE- ING TO MOUNTAINS

WHILE VILLA IS ON HIS WAY TO
MEXICO CITY TO CO-OPERATE
WITH NEW GOVERNMENT

Washington, May 18.—Carranza, deposed president of Mexico, is fleeing northward into the mountains, and Francisco Villa is on the way to Mexico City unaccompanied, according to reports to the state department today.

Carranza, according to previous reports reaching here, was fleeing into the mountains. Dispatches concerning Villa were based on Mexico City press reports. Rebel agents here today thought Villa probably would be appointed chief of the Mexican constabulary of the northern states.

The Mexican revolution and possibly recognition of the new regime there will be discussed by President Wilson and his cabinet which meets late today.

ROBT. HARGADINE ANNOUNCES HE IS BEER CANDIDATE

PROTESTS PASSAGE OF PROHIBITION
CONSTITUTIONAL
AMENDMENT DURING WAR

(By United Press)

St. Paul, May 17.—Beer and light wine for home consumption is a plank in the platform of Robert Hargadine, democratic nominee for governor.

Hargadine made his platform speech today—the first of the candidates to do so.

In his platform Hargadine protested passage of the federal prohibition law while "five million of our citizenship were disqualified from expressing their opinion through being in the service of the country in time of war." Other planks were, a budget system, halting profiteering, penalty for profiteers, tonnage tax on iron ore, cooperative marketing, good roads, supervision and regulation of public utilities, just grading of farm products and deep water way from Duluth to the sea.

REBELS CONTINUE THE HUNT FOR CARRANZA

(By United Press)

El Paso, May 18.—Revolutionary cavalry today continued its hunt of the hills and mountains around Oaxaca for Carranza, according to reports here. Capture of large stores of ammunition by the revolutionists in the last engagement with the Carranzistas was reported in the message received from General Obregon.

ARNSTEIN WILL BE ARRAIGNED TOMORROW

New York, May 18.—Officials made little progress in their effort to quiz Nicky Arnstein, alleged master mind in a \$5,000,000 bond theft plot. Arnstein will be arraigned tomorrow. He was taken before the U. S. commissioner to testify in bankruptcy proceedings pending against himself.

REPUBLICAN AD- VISORY COMMIT- TEE REPORTS

ON PLATFORM FOR CONSIDERA-
TION OF THE REPUBLICAN
NATIONAL CONVENTION

Washington, May 18.—The republican advisory committee on platform and policy today made a report to the executive committee. The report consists of twenty separate reports on reconstruction problems following four months' work by as many subcommittees.

The executive committee meeting in Senator Lodge's office, was expected to approve the report and pass it on to the resolutions committee of the republican national committee when that body is named in Chicago.

The data presented today is expected to guide the resolutions committee in writing the republican platform.

The report presented today forms a monumental achievement, according to Will Hays, chairman of the republican national committee and presents a "great section of public opinion," on all important questions of the day.

INVESTIGATE RELA- TION OF H. C. L. AND AMASSED WEALTH

IS PROPOSED IN A RESOLUTION
INTRODUCED BY SEN. WELCH
OF MASSACHUSETTS

(By United Press)

Washington, May 18.—A resolution to investigate the relation between the high cost of necessities and the concentration of wealth was introduced today by Senator Walsh of Massachusetts. The investigation under the resolution would be made by a committee of five senators, and the president would be requested to give them access to income tax reports of corporations.

NOT A POUND OF NITRATE WAS MADE

IN PLANTS COSTING \$116,000,000
REPUBLICAN INVESTIGATING
COMMITTEE FINDS

Washington, May 18.—Charging that the war department spent \$116,000,000 on plants which produced no nitrate prior to the signing of the armistice the republicans of the house, war expenditure committee in a report made public today declared: "the whole nitrate program was one of misdirected effort."

The alleged failure of the program "is directly traceable to Bernard Baruch, who admitted he was the moving spirit in plans of the government, the report said.

The republican charges were denied flatly in a minority report filed by Representative Garrett of Tennessee, who asserted that if it was a mistake to embark on the nitrate program, it was an error to call three million men who never left the United States.

The council met in regular session on Monday evening and President Strickler and Aldermen Lyons, Cordes, Huguah, A. G. Anderson, Witham, Koop, Andrew Anderson were present.

Christ Anderson, speaking for a committee of citizens from Northeast Brainerd, asked for a culvert north of Schwartz's addition to Brainerd and west of Mill street so as to drain some of the land. On motion Aldermen Lyons and Cordes, carried. It was referred to the street committee and city engineer, the latter to prepare an estimate of the cost and report at the next meeting.

Koukis Pool License

Fred Sanborn appeared before the council in behalf of Koukis Brothers and asked that the action of the council taken at their meeting May 3 in which they refused to grant a license to Koukis Brothers for a pool and billiard hall on Front street be reconsidered. He said every effort would be made to conduct the place so that there could be no criticism from a moral standpoint. He stated that the amount of the investment, nearly \$40,000, was too much money for the proprietors to take any chances of not obeying the law.

After a short executive session, the council reconvened and a motion was made by Alderman Lyons, seconded by Alderman Koop that the license be granted.

Aldermen Andrew Anderson and Cordes moved that the motion be amended so as to refer the matter to the mayor, city attorney and police committee.

On an aye and nay, the amended motion failed to carry, the vote standing Nays: Aldermen Lyons, Huguah, Koop, A. G. Anderson, Witham and Strickler. Yeas: Aldermen Andrew Anderson and Cordes.

On the original motion that the license be granted, the motion carried. Yeas: Aldermen Lyons, Koop, Huguah, A. G. Anderson, Witham and Strickler. Nays: Aldermen Andrew Anderson and Cordes.

Mr. Koukis thanked the council for their action and paid \$50 for his license fee, having ten tables.

The cigarette license of Wm. LeMire motion carried was ordered transferred to C. G. Vorce, the latter having bought LeMire's business.

Robert W. Crust, foreman of hose company No. 2, asked for repairs to the hose house in Northeast Brainerd, and the matter on motion of Aldermen Andrew Anderson and Koop was referred to the city property committee.

Claims Damages

On motion of Aldermen Lyons and Huguah, carried, the communication from J. S. Gardner claiming \$150 damage on account of sewer on South Sixth street clogging and waste flowing on his property, was referred to the city attorney and city engineer.

Commercial College

R. D. Stitzel, president of the Brainerd Commercial college, offered \$65 for the rooms on the second floor of the city hall with the exception of the city engineer's office and the one adjoining. For rent of the rooms on the south side of the corridor, not including the city clerk's former office, but taking in its stead the room across the hall adjoining the city engineer's office, he offered \$55 a month rent. The above offers were made subject to a provision that a lease be given for a term of not less than three years, protecting the lessee in every respect, that heat be furnished at any and all times the weather demanded, the renter to furnish lights. On motion of Aldermen Andrew Anderson and Koop, carried, it was referred to the city property committee with power to act.

Poor Committee

Alderman Witham reported on poor relief work. The doctor bill of one family was referred to the poor committee with power to act.

Band Concerts

The city is to enter into a contract with the Brainerd Municipal band to play for the ensuing year, the motion of Aldermen Koop and A. G. Anderson so made, carrying.

Alderman A. G. Anderson suggested the first concert at the new depot. On motion of Aldermen A. G. Anderson and Huguah, carried, the band will play its first concert at the new depot with the approval of the proper railway officials.

Ornamental Lamp Posts

The electric light committee is to

confer with the water and light board in regard to ornamental lamp posts broken and street lighting, the motion of Aldermen Lyons and Andrew Anderson carrying.

Teamsters, said City Engineer Campbell, want \$1 an hour, they are now getting \$7.40 an hour.

City Attorney Fullerton reported that the ornamental lamp post on the corner of Laurel and South Sixth streets, broken by a Minneapolis man, was being settled through W. E. Lively.

Traffic Regulations

On traffic regulations, on motion of Aldermen Andrew Anderson and A. G. Anderson carried, a committee with power to act was named including mayor, city attorney, and police committee.

A communication was read from property owners, George B. Falconer, J. A. Linn, Victor R. Hillman and Carl Newgard, who offered to sell to the city of Brainerd for \$800 land necessary to open Pine street from the west line of Hollands' Third Addition to 19th street with the understanding that the city will put the street in passable condition without charge to the abutting property.

Alderman A. G. Anderson stated that Pine street should be opened up because as soon as paving started on Oak street, there would be no outlet for property owners on the latter street. They would be bottled up.

It was moved by Alderman A. G. Anderson, carried, that the matter be referred to the city engineer, city attorney, street committee and the finance committee.

Aldermen Andrew Anderson and Koop moved and the motion carried that 16th street take the same course as the opening of Pine street.

Gas Company

Arthur B. Willing, local manager of the Brainerd Gas & Electric company, presented a sketch of gas mains and sub services on Oak street.

On motion of Aldermen Koop and Lyons, carried, the plat was accepted subject to the approval of the city engineer.

Sewer Matters

The L. W. Sherlund company paid \$100 for a plumber's license. Speaking about sewer matters, City Attorney Fullerton said the ordinance in relation to sewers should be amended as it was out of date. On motion of Alderman Andrew Anderson it was referred to the city attorney and sewer committee to report on at the next regular meeting.

Alderman A. G. Anderson reported that the rooms in Central hose house were in need of repairs. On motion of Alderman A. G. Anderson, seconded by Aldermen Lyons, carried, the matter was referred to the city property committee with power to act.

Land Rental

Alderman A. G. Anderson stated that Neils Hegstad wanted to rent a lot 60 feet square near his home near the slough on Norwood street at \$1.50 per year for three years. Alderman Koop thought the city should not rent the land for more than one year at a time, and if they desired it after that time, the renter should apply for it again. On motion of Aldermen Andrew Anderson and Lyons, carried, it was referred to the city property committee with power to act.

A discussion in regard to renting city property in Northeast Brainerd followed. Aldermen Andrew Anderson and Lyons moved and the matter carried, that it be referred to the city attorney, city property committee and the aldermen of the third ward.

West Bluff Avenue

Alderman Koop reported that Mr. Blackledge wanted West Bluff Avenue graded. City Engineer Campbell and Alderman A. G. Anderson reported that they did not think it needed it.

Cinders Wanted

Alderman A. G. Anderson said that Swift & Co. wanted some cinders on Main street near their office on account of the dust. He also reported that the wooden sewer on 16th street between Laurel and Maple streets was plugged up. Aldermen A. G. Anderson and Andrew Anderson moved, and the motion carried, that the matter be referred to the sewer committee and the city engineer.

No Parking Signs

Alderman Lyons thought that the city should place "No Parking" signs in the business district. Aldermen Andrew Anderson and Koop moved and the motion carried that the matter be referred to the police committee and Mayor F. E. Little.

TRADE TOURISTS PLEASE CHILDREN

St. Paul Wholesale Merchants and
Manufacturers Will Have Sou-
venirs for the Little Folks

NIGHT CONTROL AT BRAINERD

Plan on Having Children Meet the
Train Tuesday, May 25, at
4:50 P. M.

In a letter addressed to Mayor F. E. Little, R. E. Hilton, secretary of the trade tour committee of the Saint Paul Association, tells of the souvenirs to be given the children when the special train carrying St. Paul wholesalers and manufacturers arrives in Brainerd Tuesday, May 25, at 4:50 p. m. The night stop will be made in Brainerd, the train leaving on May 26 at 7:25 a. m. for Deerwood and stations along the Lake Superior division to Cloquet.

In his letter Mr. Hilton said: "We are pleased to be able to advise you that a special train carrying one hundred of Saint Paul's wholesalers and manufacturers will visit Brainerd during the week of May 24th, the exact time being 4:50 p. m. of Tuesday, May 25.

"A considerable number of business men on the train carry souvenirs for the children and, in addition, we have a community song leader to lead a short community sing which is held in each town visited.

"The Minnesota State Band of 25 pieces accompanies the party and gives a concert in each city. Now, we do want to have an opportunity to see the children of your city.

"We appreciate the fact that this is asking a good deal but we are able to say that other cities and towns who have done this in past years have been greatly pleased over the pleasure received by the children upon receipt of the souvenirs distributed, the opportunity to join in community singing and to witness and participate in the singing contest we have among the children in which a box of candy is awarded to the little girl who sings the loudest or the best, as the case may be.

"Whenever the station is conveniently located as regards the business district we like to have the children at the depot to meet the train, which is run strictly on schedule. This gives an opportunity for the children to receive their souvenirs and to join in the parade which is made by the trade tour through the main streets of the city.

"We have song sheets for distribution and are equipped to leave with the superintendent of schools an additional supply which is furnished upon request.

"If you, in your official capacity, arrange to have your school children participate in our visit to the extent above mentioned, it will be greatly appreciated.

"We trust that we may have an opportunity to meet you personally at the time of our visit."

As school is out at 4 o'clock, it is needless to say that all Brainerd school children will be at the depot Tuesday afternoon, May 25, at 4:50 o'clock to get their souvenirs. There isn't a kid from 6 to 16 who isn't anxious to get a souvenir and the Dispatch can guarantee that there will be a crowd on hand to greet the St. Paul special when it arrives. A community sing can easily be arranged at the depot or the depot park.

A Friend in Need

"But there's no bread in the house for breakfast and the stores are all closed for the night!" protested Ann Brinkly in dismay.

Her husband had telephoned late that an important business acquaintance was coming for the night.

"Then have muffins," suggested Tom, cheerfully resourceful.

"Tom Brinkly, you know I never have luck with muffins," groaned Ann. She hung up the receiver and turned to young Mrs. Eaton. "I don't know why I can't make good muffins, Barbara. I like them just as much as Tom does, but somehow mine are never successful. And how I hate to get up earlier to make them!"

"Why not mix them tonight and bake them tomorrow morning?" said Barbara calmly. Ann looked at her in amazement. "Have you any Ryzon Baking Powder?" inquired Barbara, getting up briskly. "Because if you have Ryzon you can get the muffins all ready now. The batter will be perfectly good tomorrow if you stand it in a cool place."

As Ann still looked incredulous, Barbara continued: "Oh yes, really, I often do it myself. And you needn't worry about the muffins turning out right. Since I've used Ryzon I haven't had a single baking failure. And if you follow directions you can bake just exactly as well."

The new Ryzon Baking Book (original price \$1.00, containing 250 practical recipes, will be mailed, postpaid, upon receipt of 20 cents in stamps or coin. Or if you will purchase two or more pounds of Ryzon at once from your grocer, sending us his name and address promptly, we will mail you a Ryzon Baking Book free. ALTRUISTIC CLASS

Pleasantly Surprised Their Teacher
Mrs. A. E. Thon on Monday

Evening

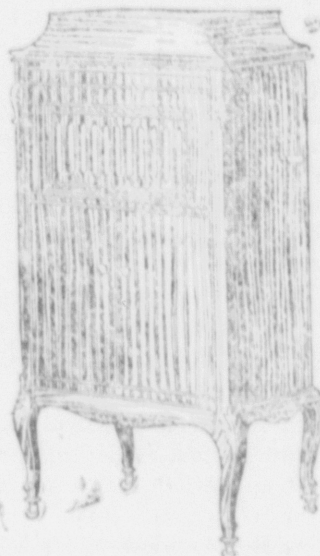

On Monday evening last, the girls of the Altruistic Class of the Swedish Baptist Sunday school, very pleasantly surprised their teacher, Mrs. A. E. Thon, at her home, the occasion being her birthday. Mrs. Thon has been the teacher of this class for several years, and the party was to express the high estimation in which she is held by the girls of her class. She was presented with a hand-painted cake plate, as a token of appreciation of the work she is doing.

The evening was very enjoyably spent in playing games and music, after which a light refreshment was served. Before departing the young folks wished Mrs. Thon a very happy birthday and that the future hold many more in store for her.

Making the Shoe Fit the Foot

ONE of the outstanding features of the efficiency of the Standard Oil Company (Indiana) is its ability to expand to meet conditions.

In 1919 there were 1,434,909 more motor vehicles in the United States than in 1918.

This enormous increase in automotive power made necessary a vast increase of distribution facilities in order that your car, wherever it might be, should never lose its usefulness because of an empty gasoline tank.

The Standard Oil Company (Indiana) anticipated this increasing demand and met it amply in the eleven states it serves with a fleet of 4306 motor trucks, a caravan of horse-drawn wagons, and a little army of 530,000 iron barrels, so that even in remote districts no tractor, truck or pleasure car, need be without fuel at any time.

Take into consideration the fact that of the 1,434,909 new motor vehicles put into service in 1919, approximately 573,964 went to farms, and you will appreciate the necessity for this vast distributive system.

The Standard Oil Company (Indiana) appreciates that the automobile has passed from the realm of luxury and has become an essential, and that gasoline to run it has become an industrial necessity.

The Company takes pride in the fact that it has met this need in the spirit of service, that it has been keen in anticipating the wants of the public, and efficient in satisfying them through the most perfect distribution system in the world.

Milk Goats in America.
Six thousand goats are listed in the American milk goat registry. Three breeds are recognized. The Toggenburgs were originally imported from the valley of that name in Switzerland. They are distinguished by exact brown and white markings, especially about the head. Saanen goats hail from the Saanen valley, Switzerland, and are pure white. The Anglo-Nubian goats are a cross between the common English goat and the Nubians of Africa. They are a spotted variety and vary in color.

THE LUXURY TAX

The wisdom of the so-called luxury tax, as a producer of revenue with the least friction, is upheld in a statement made by the New York collector of internal revenue. He says that in Manhattan alone the expenditure for articles designated as luxuries has reached a total of \$105,000,000 a month. The taxes levied on this big sum seem to be paid almost invariably without a murmur, because, as he explains, the people have the money, and the tax is small compared with the total cost of the thing bought, whether it be a glass of soda water or an automobile.

Moreover, the remarkable fact develops that it is the humble purchasers who pay most of the luxury taxes. Says the revenue officer: "My accountants show that there is more money collected in tax from ice cream sodas and other small sales which carry a penny or two of tax than there is from the sale of diamonds, furs, touring cars and other expensive items. "Other revenue districts tell the same story.

Self-chosen champions of the supposedly down-trodden proletariat may gnash their teeth at this, but the proletarians themselves refuse to get excited about it. And they are right. Everybody has been indulging in luxury, the humbler spenders no less than the millionaires, the wage-earners no less than the bankers, in proportion to their usual rate of expenditure and the character of their purchases. It is right that when a whole nation, from top to bottom, goes luxury-mad, all should be made subject alike to luxury taxes.

However, lest Congress be moved to work a good thing still harder, and boost the luxury tax a notch or two, it is just as well to add that the same cheerful internal revenue collector believes the peak of luxurious spending was reached last month, and that people from now on are going to think more before investing in commodities subject to the tax. That source of revenue, then, may soon shrink considerably.

DAY SET APART FOR FOOLING

Practical Jokes Common to April 1 Have Been Indulged in for Many Generations.

There is much uncertainty respecting the origin of All Fools' day, April 1, when for generations the people of many lands have held it quite permissible to play practical jokes on one another. Some think it had its origin in a miracle play of the middle ages, performed at Easter time. The custom of sending one upon a fool's errand on the first day of April has been supposed to be a travesty on the sending of the Saviour to Calvary, from Calphas to Pilate, from Pilate to Herod, and from Herod to Pilate, for these scenes in the Saviour's life formed the subject of the miracle play performed at Easter, which usually occurs in the month of April. Others think it more probable that it is a relic of some old, heathen Celtic festival. It is believed that both England and Germany derived the custom from France. In France one thus imposed upon is called "un poisson d'Avril" (an April fish). In England such a person is called "an April fool," in Scotland a gowk, Gowk is the Scotch for cuckoo, and also signifies a foolish person.

CLAIM BRAINERD MAN WAS BANDIT

Sheriff Claus A. Theorin Traces Up Antecedents of Bandit Believed to be A. Anderson

REAL NAME IS ALBERT LUNDE

Brother Identified the Remains and Father Has Gone Down to Claim the Body

Following a query from a deputy sheriff of Minneapolis, regarding the antecedents of one of the bandits who was killed in a fight with Marshall J. Marmon and the storekeeper A. J. Hilstrom of Maple Plain, near Delano, Sheriff Claus A. Theorin looked up the records of the two bandits who wore army uniforms and who were thought to be A. Anderson of Slayton and M. Dillon of Morristown, Ill.

Anderson was the man killed and he was found to be Albert Lunde, son of Gilbert Lunde, of Brainerd, said Sheriff Theorin. The man was 22 years old. Both Lunde and Dillon had escaped from Camp Grant, Ill., where they had been court-martialed, said the Minneapolis deputy sheriff.

The aged father in Brainerd had not heard from his son for three months. He said his son had served in the war and re-enlisted and had been in the Hawaiian Islands.

Lunde did not believe that his son had been involved in the fight and a brother, younger than Albert, went to Minneapolis and identified the remains. On Monday morning the father went to the Mill City to claim the body.

The account of the affray as given by the United Press was published in the Dispatch under a Delano, Minn., date line and recorded that one bandit was killed and another jailed after a battle with a deputy and a storekeeper near Delano early May 14.

The men robbed the store of A. J. Hilstrom of Maple Plain before daylight. They were seen to catch a freight train near Delano.

Marshal J. Marmon at Delano was notified and captured the men on the train. Meantime Hilstrom arrived in an automobile and the four started back to Maple Plain. About two miles out, one of the men struck Marmon on the head with a revolver and knocked him unconscious. Hilstrom grappled with the men. As he was about to be overcome, Marmon regained consciousness and killed one of the bandits, who was later identified as A. Anderson of Slayton. The other gave his name as M. Dillon of Morristown, Ill. Both wore army uniforms with discharge stripes.

BABY BOY BORN

Mr. and Mrs. Fred Carmelo Overjoyed at Little Son Born in Brainerd Early in Morning

Happiness reigns supreme in the family circle of Mr. and Mrs. Fred Carmelo, where a ten pound boy joined them early this morning. Mother and child are at St. Joseph's hospital and getting along nicely. Mr. Carmelo is the head of the Carmelo musical comedy company which played a long engagement in Brainerd. As a comedian of the company he always did wear a broad smile, but today that smile has broadened out so much that Pruitt of the company wouldn't recognize him at all.

It has reached the tenth heaven of seraphic bliss. Mr. Carmelo is an Elk of long standing and liked Brainerd so well that he and Mrs. Carmelo have continued making their home in Brainerd while the company is now playing north of this city. Nurses at the hospital and friends have been very kind to Mrs. Carmelo, all of which is very much appreciated by the family.

BRAINERD VS. IRONTON SUNDAY

First Game on the Local Diamond Koeing Grounds May 23 at 3 P. M., Record Crowd

PATTERSON OR MORSE PITCHES

Brainerd Team in Its Swell New Uniforms as Ordered by the Board of Directors

Brainerd and Iron-ton will clash in the opening game of the 1920 season at Koeing grounds in Brainerd on Sunday afternoon, May 23, at 3 o'clock sharp. Either Patterson or Morse will pitch for Brainerd.

That there will be a record crowd present goes without saying, as the range alone will half fill the grounds. Brainerd will look snappy in its new suits as ordered by the board of directors. They are of field gray shade with a light blue stripe. The black letter "B" appears in small size on cap and on left sleeve of the uniform.

The Brainerd roster as anticipated will be: Pitchers Patterson and Morse; Catcher Moore; First Baseman and Playing Manager Fred Cook; Second Baseman Benda; Shortstop Peterson; Third Baseman Wines; Outfielders Sig Sheffo, Bemis, Carlisle, Schroeder.

Carlisle has temporarily signed with the Minneapolis Association team, but will play with Brainerd as soon as released.

Iron-ton has been playing practice games and is fast regaining its old form. It is a team that's never defeated until the last man is out. George Ridley is manager, and Iron-ton banks on him for he was very successful with the team last year.

AMUSEMENTS

At the New Park Today

Nantucket Island, off the coast of Massachusetts, figures prominently in "Sinners," the Reahart production starring Miss Alice Brady. It is said that this locality has never before been used as the locale for motion pictures.

Mr. Kenneth Webb, under whose direction "Sinners" was filmed, is quoted as saying that a better spot for scenes requiring rural and sea atmosphere would be hard to find. The presence of Miss Brady and her company was a source of great interest to the people of Nantucket, many of whom had never before seen pictures in the making and the sidelines were thronged with interested spectators wherever the scenes were being enacted.

When "Sinners" is seen at the New Park Theatre today, photoplay patrons will see some of the foremost actors of the stage and screen playing in support of Miss Brady. Several of the leading lights of the amusement world have their summer homes on

Nantucket. They offered their services to Miss Brady as "extras." According to Mr. Webb, if they had been paid in proportion to the salaries their contracts call for, he would have had the most expensive company in motion picture history. Many a star has had all-star support, but it is very doubtful if one ever had such stellar quality "extras."

At the New Park Theatre

David Wark Griffith, producer of such spectacles as "The Birth of a Nation," "Intolerance," "Hearts of the World", and recently proclaimed by the Board of Historians "the greatest of modern historians," again comes to the fore with a mammoth production entitled "The Fall of Babylon," the grandeur of which promises to establish a new high record even for a Griffith production. Local interest attaches to this announcement, since "The Fall of Babylon" has been secured for an engagement here at the New Park theatre, this week Thursday and Friday.

In line with all of his former achievements, Mr. Griffith has assembled a company of prominent players, including Constance Talmadge, George Fawcett, Mildred Harris (Mrs. Charles Chaplin), Tully Marshall, Pauline Stark, Seena Owen, Alma Rubens, Kate Bruce, Alfred Paget and Elmo Lincoln. Added to these players are 125,000 supernumeraries.

MEMORIAL DAY PROGRAM PLANNED

Service Men to Meet at Koop's Hall Tonight to Make Further Arrangements for Day

AUTOMOBILES ARE REQUESTED

To Convey G. A. R. Veterans and Ladies to Cemetery, Country Soldiers Invited to March

Committees of service men will meet tonight at Koop's hall to outline further plans for the proper celebration of Memorial Day on Monday, May 31.

The soldier boys will turn out in uniform and they want their country comrades to be on hand too, to march and take further part in the ceremonies. The parade will include the school children.

The soldiers will act in conjunction with the G. A. R. men who in the past have faithfully carried out the Memorial Day program and served to instill patriotism in the hearts of all.

Automobiles are desired to convey the G. A. R. men and ladies to the cemetery. All wishing to so assist should notify Robert Gustafson, of Mahood & Gustafson, or A. A. Englund, letter carrier at the postoffice.

Veteranians Will Meet

Dr. C. P. Fitch of University Farm, secretary-treasurer of the Minnesota State Veterinary Medical association, announces that the trustees of the organization have decided to hold its summer meeting at Austin, July 22 and 23. Dr. Fitch says: "The southern part of the state was chosen for the reason that a summer meeting has not been held there for some time. We have a most cordial invitation from Austin and look for the meeting there to be as successful as the one held at University Farm last winter."

For particulars make inquiry at the local post office. This examination will be given in Brainerd and several other cities throughout the country.

BRAINERD WOMAN NAMED PRESIDENT

Mrs. Henrietta Fox Elected President of District Assembly of Rebekahs at St. Cloud

7 BRAINERD LADIES PRESENT

Staples Degree Staff Put in the Initiation Work Which Was Very Well Done

(St. Cloud Daily Times)
The Rebecca lodge number 33 entertained the 19th District of the Order in the Masonic hall yesterday afternoon and evening. The meeting was very successful, there being 25 delegates from Staples, seven from Brainerd, 15 from Little Falls, 10 from Monticello, three from Clearwater and 35 from the local lodge.

Mrs. Boyd, assembly vice president of St. Paul, attended the meeting and helped make it a success. Mrs. Eliza Howe of the local lodge gave a number of recitation in a pleasing manner. In behalf of the organization, Mrs. J. J. Hicks presented the outgoing president, Mrs. Anna Peterson of this city with a spoon as a token of appreciation. Officers were elected and 62 new members were initiated. The Staples Degree staff put on the initiation work and it was very well done, as the staff only had two weeks training in this work. The following officers were elected:

President—Mrs. Henrietta Fox, Brainerd.

Vice President—Mrs. L. F. Canfield, Little Falls.

Secretary—Mrs. Ida Bell, Little Falls.

Treasurer—Mrs. Cooke, Staples.

Two delegates were appointed from the local lodge to attend the Assembly State Convention, which is held at Mankato in June. The delegates chosen were Mrs. Anna Pratt of Sauk

Rapids and Mrs. Lina Zins, of this city.

After the business meeting a social hour was enjoyed and ice cream and cake were served.

I'll Try Class

The I'll Try class of the Evangelical church of Northeast Brainerd met at the home of Miss Mabel Mudge Second Avenue Northeast. At the close of the meeting, a surprise in the form of a parcel shower was given for Miss Goldie Lund, a bride-to-be. There were many beautiful gifts with happy congratulations from friends. A dainty luncheon was served. Those present spent a delightful evening.

Presbyterian Aid

The Presbyterian Ladies Aid society will be entertained on Wednesday afternoon by Mesdames Hess and Gattie in the church parlors.

A cordial invitation is extended to members and visitors to be present at this meeting.

PLATFORMS ARE BEING ERECTED

BOTH POLITICAL PARTIES ARE
SHAPING THE PLANKS FOR
THE COMING CAMPAIGN.

G. O. P. TRYING A NEW PLAN

Taking Suggestions From Big Committee of Citizens—Prohibition Is a Greater Problem for Democrats Than for Republicans.

By JAMES P. HORNADAY.
Washington.—The platform makers in the political parties are now busy. Of course the platform of each political party will be actually put together by the committee on resolutions of its national convention, but it is important for the leaders to know fairly well in advance what the platform is to contain. The Republicans are following a new plan this year in getting up their platform. Last January, it will be recalled, the chairman of their national committee, Will H. Hays, created a committee on platform suggestions made up of more than 150 men and women representing the various shades of opinion in the party. This committee was divided into subcommittees, each subcommittee with a chairman.

The next step of the committee on platform suggestions was to send out a questionnaire to influential members of the party. The questions embraced a large range of subjects. These questionnaires brought in a large fund of information and the chairman of the subcommittees are now sifting this information. At a meeting here the other day they decided to take the boiled down facts brought out by the questionnaires and from them frame recommendations to the convention committee on resolutions. Of course the convention committee is under no obligation to follow the recommendations of the committee on platform, but it is generally assumed that on a good many of the topics of the day it will use the recommendations or suggestions of this committee as a basis for platform planks.

Topics That Were Avoided.

The national committee of the Republican party deemed it advisable to have the committee on platform suggestions stay away from a few topics, among them all matters relating to international affairs, and this includes the treaty of peace and the League of Nations; the tariff, the prohibition question, and the arraignment of the Democratic administration. At recent conferences here substantial agreement was reached as to the wording of the planks that will deal with the treaty and the League of Nations and the prohibition legislation. If this agreement stands, the platform will first of all condemn President Wilson for his handling of the treaty and will then in general terms endorse the action of the senate in refusing to ratify the treaty without reservations Americanizing it.

In handling the subject of prohibition it was the thought of the men who attended these conferences that there shall be no specific reference to the federal prohibition amendment or the legislation by congress under which the amendment is enforced, but instead a declaration in favor of law enforcement. In support of this plan it is argued that nation-wide prohibition is a fact legally speaking, and that there is no occasion for the party to say that it favors or opposes prohibition in its present form. The Anti-Saloon league, it is asserted, has indicated that a general declaration in favor of law enforcement is all it will ask for.

Planks for the Democrats.

The Democrats have no committee on platform suggestions at work, but the chairman of their national committee, Homer Cummings, and other men connected with the national organization have recently been putting in a good deal of time on the platform. It is generally assumed that President Wilson will write the more important planks. He has already written in spirit at least the plank dealing with the treaty of peace and the League of Nations. In his recent letter to an Oregon Democratic committeeman he insisted that the party must stand by the treaty and the League of Nations covenant. He did not go so far as to say that the platform declaration must say that there shall be no reservations, but he did say that it must not lend its approval to destructive reservations. It is generally agreed that in its political convention neither party will be able to produce a plank dealing with the League of Nations that will satisfy all the members of the party.

The prohibition situation is more of a problem for the Democrats than for the Republicans for the reason that a considerable number of influential Democrats are insisting on a platform declaration in favor of such a modification of the enforcing legislation as would permit the manufacture and sale of beer and light wines.

On more than four-fifths of the subjects that will be dealt with in the platform of the two major parties there is but slight differences of opinion. It has been frequently remarked that if four or five topics could be eliminated one platform might answer the purpose of each of the parties.

WANT LITERACY TEST ABANDONED

MANY PERSONS AND ORGANIZATIONS URGE LETTING DOWN
THE IMMIGRATION BARS.

MORE WORKERS ARE NEEDED

Congressmen Are Told That the Shortage of Labor Is Crippling Numerous Industries and That Public Work Is Suffering.

By JAMES P. HORNADAY.

Washington.—The committee on immigration of the house of representatives is being importuned to let down the immigration bars. When this congress met in special session a little more than a year ago all the indications were that additional bars against immigration would be put up. There was even talk to the effect that immigration might be suspended entirely for several years. Now the committee on immigration is besieged almost daily by persons who represent that the labor shortage in many industrial centers makes it imperative that the government open the way for more common laborers to come in.

As a specific remedy for the condition that is alleged to exist it has been proposed that congress repeal or modify the educational features of the existing law. In support of the argument that strong, healthy laborers be permitted to come in, regardless of whether or not they can read and write, it has been pointed out to the committee that, while illiteracy in Great Britain and France may properly be regarded as indicative of lack of character, the same thing is not true of many of the European countries. It has been asserted that many of the most dependable laboring men in

southern Europe are illiterate. Those persons who would open the way for this class of laborers to come in say that provision should be made for giving them a primary education on their arrival here.

Industries Said to Be Crippled.
According to the representations that are being made to the committee on immigration, many industries are at this time crippled because of their inability to employ sufficient labor, and building operations and municipal public works are suffering in nearly every section of the country. It is asserted that there is not only a shortage of labor, but that the available supply of labor has been slowed down since the world war. Thus far the committee on immigration has not indicated whether it will give serious consideration to the demand that it shall be made easier for illiterate laborers to come in.

In connection with the proposed revision of the immigration law, the house committee has been asked to give consideration to a plan, which had its origin in New York, for the creation of a national board of assimilation. This board would be charged with "the duty of co-ordinating all existing governmental activities relating to immigration, of facilitating the safe and expeditious distribution of immigrants arriving here to their several destinations, of supplying them with information and assistance in respect to securing employment in those industries for which they are best adapted, of affording them instruction in the English language and in the history, customs and institutions of our country, of protecting them against fraud, extortion and exploitation, of making them feel that they are not strangers in a strange land and of providing for co-operation by the several branches of the federal, state and municipal governments."

Shortage of Millions of Men.
This memorial asking for the creation of a board of assimilation supports the assertion made by a large number of employers of labor that there is at this time a labor shortage in practically every industrial activity. According to the memorial this short-

age amounts to not less than 5,000,000 men. In addition, it is pointed out, there is a dearth of agricultural labor and of domestic servants to an extent difficult of calculation. It is the view of the persons who memorialized the committee that "the effect is felt by everybody" and that a "low scale of production necessarily enhances prices, restricts exportation and makes the high cost of living inevitable." It is argued that without an increase in industrial forces the United States will be unable to meet the demands that the entire world is now making on it for food, raw materials, machinery and merchandise. The conclusion is reached "that under the circumstances a policy looking to the exclusion of the immigrants would hamper and curtail our natural developments and lead to world-wide calamity."

The specific recommendation of the individuals and organizations that have recently been besieging the committee is that the present immigration law shall continue in force except in

regard to the literacy test, but that it shall not be made more onerous by increasing the classes of excludable aliens. The literacy test is regarded by them as "without merit and as a menace to the interests of commerce, agriculture and industry."

Early United States Coins.

The office of the director of the mint says that the earliest coins were authorized by act of congress of April 2, 1792. This act authorized the manufacture of the ten dollar gold eagle, half eagle, quarter eagle, and the silver dollar, half dollar, quarter dollar, dime and half dime. It would be impossible to state which were minted first, as they were all coined about the same time.

Beliefs Concerning Sapphire.

To the sapphire has been ascribed wicked thoughts; that it is such an enemy to poison that if put in a glass with a spider or venomous reptile it will kill it. St. Jerome in his exposition of the nineteenth chapter of Isaiah says that the sapphire procures favor from princes, pacifies enemies, frees from enchantment and obtains release from captivity. This gem was sacred to Apollo and was worn when inquiring of the oracle at his shrine. It was esteemed a remedy against fires.

LADIES! DARKEN YOUR GRAY HAIR

Use Grandma's Sage Tea and Sulphur Recipe and Nobody will Know.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray has disappeared, and after another application or two, it becomes beautifully dark and glossy.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.
